Go Further

Accessorise the new Ford Ecosport

The Ford EcoSport is simply put, a pleasure to drive. The only urban SUV that lets you discover more in your city, it complements your passion to make every drive a memorable one. Yet you can personalize it further to suit your style. Choose from these specially designed accessories, that keep both the driver's and passenger's pleasures in mind. Go ahead, make your EcoSport your statement.

CAR CARE

Contoured Mudflaps

Protect your EcoSport from mud, slush, water and stones with body-contoured mud flaps. Now drive without worries and add style to your car.

Rear Parcel Tray

The Rear Parcel Tray lets you watch your back with ease. The light-weight, fire resistant tray not only separates the passenger compartment and the boot, but also stores parcels without blocking your vision.

Trunk Mat

Prevent your luggage from moving around as you enjoy driving your EcoSport. The special Fire Retardant automotive grade material prevents luggage movement and protects boot carpet from spillage, dust and dirt.

Car Cover

Protect your car from dust, bird droppings, scratches and rain, with a water-resistant cover made of special polyester material, that fits snugly on your EcoSport.

SAFETY

Headlamp Guard

A clear acrylic cover that protects the car's headlight from scratches and stones and ensures that you looking ahead without worrying about anything.

Reverse Parking Sensors

Four sensors mounted on the rear bumper warn you about obstacles behind the car while reversing. Watching your back was never so easy.

Child Seat

Make your little ones feel as safe and secure inside the EcoSport as they feel at home. The special stitching pattern of the child seat and 20mm of special foam provide maximum comfort to your child, as you cruise along the roads.

Front Fog Lamp

Make sure that the dense fog stays harmless and doesn't change your visibility. The EcoSport's aesthetic fog lamps not only ensure that the road ahead of you is always visible, but also add to its rugged looks.

Reverse Camera With IRVM Display

The Infrared camera and the IRVM LCD display don't let you miss even the smallest of things as you reverse your car. The camera can be attached anywhere for better visibility.

STYLING

Spare Wheel Cover

Protect the spare wheel from weather, dust, damage and theft with this wheel cover. It comes with a special lock and badging that adds to the sporty look of EcoSport.

Rear Bumper Applique

Add to the sporty look of your EcoSport with front and rear bumper appliques. The silver colour gives it a two-toned classy.

Rear Spoiler

Stay grounded even at high speeds. The rear spoiler gives aerodynamic stability along with enough down force to keep your EcoSport on the road without losing traction.

15" Alloy Wheels

These light weight alloy wheels not only complement the unmatched styling of EcoSport, but also provide better driving comfort and enhanced maneuverability. So that your Urban SUV takes you everywhere with ease.

Roof Rails

Add more style and enjoy enhanced Kinetic design. This roof rail carries a dynamic load of up to 50 kgs.

Illuminated Scuff Plates

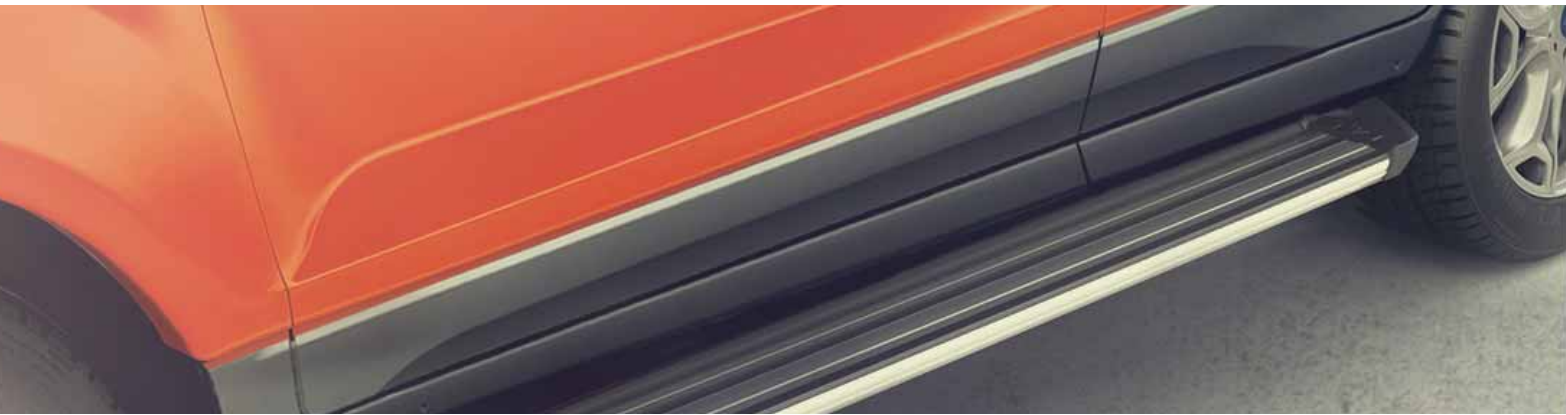

Enter your car in style with illuminated scuff plates that light up as soon as you open the front doors. The durable LEDs ensure that your drive lights up your night.

Sporty Pedal Covers

Cruise ahead in style with the sporty pedal set. Made for your feet to sit perfectly on them, they provide better grip and better control over the car.

COMFORT

Side Running Board

Designed to carry a load of 150 Kgs, the Side Running Board has a kinetic design that adds to the rugged looks of your EcoSport. Now, hop on or hop off comfortably.

Slimline Weathershield

Deflect heat waves and stop rain drops from ruining your drive. These shields not only let you enjoy the weather, but also provide better aerodynamics.

Roof Rack Tray

Don't leave anything behind. The Roof Rack Tray, with its load-carrying capacity of 50 kgs, allows you to carry your world with you. The weight stabiliser keeps your antenna safe and ensures a fun, worry-free drive.

Refrigerator

Stay cool wherever you go. The light-weight WAECO CF25 with a capacity of 25 litres and a one-year warranty, make it the best companion on your drives.

Navigation System

The 3.5" infotainment system supported by MapmyIndia provides real-time, turn-by-turn navigation and graphical map guidance. So you never lose your way.

Seat Covers

Our seat covers are available in 6 colours and design options and are made to complement your style and class. These not only protect the seats from spillage, dust and dirt, but also enhance your driving comfort.
