Feel the difference

MOBILE INSPIRED CENTRE CONSOLE

USB / AUX-IN CONNECTIVITY

VOICE ACTIVATED CONTROL

CRUISE CONTROL

## STAY CONNECTED

Expressive design meets premium finishes. A mobile phone-inspired centre console design combines beauty, form and functionality, putting all controls within easy reach. And the multi-function display gives you the information you want, where you need it.

With voice control and Bluetooth® you can keep your eyes on the road and your hands on the wheel while the car does the rest.

Just ask and the Fiesta will dial important people, adjust the volume or air conditioning temperature, select your favourite tracks on your iPod and more.

## OUTSTANDING FUEL EFFICIENCY

The Ford DNA runs through the All New Ford Fiesta. With enhanced curves, distinctive grills and a sporty rear the All New Ford Fiesta is sure to get you noticed on roads.

The stiff body structure and low overall weight combines to deliver a 'light but solid' ride, ensuring comfort on the highways as well as in the city. With the choice of a responsive and advanced TiVCT petrol or a class leading ultra refined TDCI diesel, the All New Ford Fiesta delivers outstanding fuel efficiency in addition to its sophisticated drive.

## A TOUCH OF CLASS

The All New Ford Fiesta helps you live and enjoy a connected life. The Bluetooth® and voice control ensure your friends are always within reach, and your business decisions are a touch away. You can even play your favourite iPod playlists, CD tracks and change radio stations.

It will also keep your air conditioning at just the right temperature for you – a little cooler, a little warmer, more fan - just say what's on your mind and it's done.
