➤ Sophisticated Exterior Design - Experts Opinion

AUTOCAR

“Chrome-rich grille gives plenty of flash, projector pods are smartly detailed, heavily flared wheel arches give the design much needed muscle”

ZIGWHEELS
NO. 1 AUTO SITE IN INDIA

“The Rexton is a big car with attractive styling and very tasteful dosage of chrome”

➤ Luxurious Interior Design - Experts Opinion

AUTOCAR

The cabin looks plush, panel fit is excellent and the soft-touch plastics on the dashboard-top feel like they're from an expensive German saloon

what marks *Fortuner* down compared to the Rexton is that the interior, especially the dashboard, still feels quite similar to the significantly cheaper Innova, and that's despite the recent update.

ZIGWHEELS
NO. 1 AUTO SITE IN INDIA

“The dashboard layout is elegant. The beige interiors offer an enhanced sense of luxury.”
