

VIN Characters: 17 (beginning mostly with MAJ...)

Ford India uses a pattern which repeats every 4 years. That means the 2005-2008 pattern repeats for 2009-2012 (and so on).

Decode: (Use the chart below for reference)

11th character represents the YEAR of Manufacture

12th character represents the MONTH of Manufacture

An Example:

If your 11th VIN character is 7, then it represents the Year - 2007

If your 12th VIN character is K, then it represents the Month - February
